Carpet Cleaning	ServiceMaster Clean	122 Galaxy Blvd, M9W 4Y6	(647) 503-5151

## Conclusion

This directory reveals **strong service coverage across all four categories** for Rexdale residents. Pest control offers the most local options with major providers like Pesticon and Abell maintaining M9W offices. Pool services feature Metro Pool Services (60+ years experience) and Ian's Technical Services for hot tub specialists as local anchors. Tree services are predominantly mobile but numerous ISA-certified arborists explicitly list Rexdale, with Davey Tree's West Toronto office being the nearest major facility. Carpet cleaning combines ServiceMaster's commercial-focused Rexdale location with KM Carpet Cleaning's dedicated Rexdale residential service page.

**Key recommendations for Rexdale residents:** Verify current licensing and insurance before hiring; request written quotes for comparison; check for applicable guarantees (many pest control companies offer 6-month to 2-year warranties); and for tree work, confirm the provider handles City of Toronto permit applications. Most businesses offer free estimates or inspections—take advantage of these to evaluate service quality before committing.
